'Higgie's prose is fragmentary yet lucid, and the novel evokes the inextricable beauty and terror of Dadd's sensory journey, while raising some of the philosophical questions it poses about art, language and other minds. *Bedlam* is a mystery story in which we search for clues as to how an individual might go from precocious talent to parricide.' (Oliver Harris, Times Literary Supplement) Présentation de l'éditeur

'I did not write my life, and therefore cannot tell you in simple terms what happened to effect such change. I have left that task to the images that have fallen from my fingers since my youth. I have let them fall, so that one day they might be picked up. My pictures describe me correctly.'--Jennifer Higgie ----- In 1842 an English artist accompanied a former mayor on a Grand Tour of Europe and the Middle East. Within a year he had become a devotee of the Egyptian god Osiris and murdered his beloved father, believing him to be an impostor. *Bedlam* is a novel inspired by a year in the life of Richard Dadd, a great Victorian painter and inmate of London's Bethlem Hospital more commonly known as *Bedlam*. ----- Design by Surface, Berlin/Frankfurt am Main Biographie de l'auteur
