The World of Private Islands Farhad Vladi

From the idealism of Moore's Utopia to the ease of Gauguin's Tahiti, islands fuel the imagination. Indeed, who hasn't day-dreamed of an unique slice of paradise? Vladi presents the many types of private islands in this compelling volume, featuring everything from Canadian lake isles to Pacific atolls. Within its chapters readers will discover a world of islands with castles as well as properties owned by celebrities like Johnny Depp and Richard Branson. Photos.
